Attachments: ASWM PPT 01.07.20 Clean.pptx

Importance: High

Mike,

Please don't review. I need to work with Stephanie on this. I don't think it captures what we said we would cover (Process, requirements, epa actions), there is too much in the notes section and many edits for formatting consistency, clarity etc that need to be done. Not sure if she captured an old version or not.

- sorry

Good Afternoon Mike,

Sadly you are the only one in. I am not sure when Mindy and John are back but is there anyway you could review to send it up the chain to Brian and eventually John (unless you think Mindy will really want to see it before Dave).

I believe the target date for the presentation is middle to end of the month (though I am still waiting on a confirmed date for the webinar). I will let you know as soon as I know what the date is. **Please remember this will be recorded so it is important upper management reviews it.**

Sincerely,

Stephanie

Subject: ASWM Assumption 101 Update and Presentation for Approval For Management

Good Afternoon Everyone,

WOTUS and other programs have had all of us running around like crazy but I just wanted to make sure ASWM didn't fall to the wayside.

UPDATES

- The Assumption 101 Webinar Date was rescheduled due to conflicting schedules of the presenters.

- The presenters were sent a survey to poll what date would work best for them in February.
- The Webinar **WILL BE RECORDED!** As such, the above attached document will need to be reviewed, commented on, and sent up the chain of command. I am sure Dave will need to sign off on it before it is sent to Brenda over in ASWM.

Please let me know if you have any questions or issues with the file. Please note that the presentation also includes talking notes and Kathy is going to be the EPA person doing the presentation.

Sincerely,

Stephanie
